

Trident Ploughshares Extinction Rebellion

Trident Ploughshares (TP) takes accountable Non Violent Direct Action against UK Trident nuclear weapons

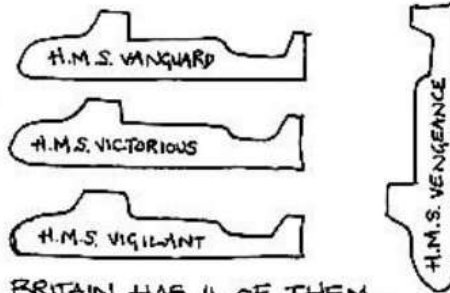

TP supports Extinction Rebellion sharing common concerns for our future - Demilitarise to Decarbonise!

- Trident is a genocidal gun to the head of the rest of the world
One submarine can kill up to 45 million people
- Trident uses massive energy and resources in research, production, operation, dismantling & eventual waste storage
Scrapping Trident is an easy cut to the UK carbon footprint
- Nuclear weapons enhance Britain's "power projection" in the world leading to further global injustice
Let's work co-operatively to make the world a better place
- Climate change makes nuclear war more likely
Taking nukes out of the equation makes us all safer
- Nuclear power stations, decommissioning & long-term waste storage are vulnerable to climate change and rising sea levels
This is total madness!
- Nuclear war would be catastrophic - killing huge numbers and radioactive contamination crippling future generations
A "nuclear-winter" would wreck agriculture & food production
- Plans to upgrade Trident will cost OVER 200 BILLION POUNDS
This is money, skills and resources which should be used for projects and jobs for a sustainable earth
- Our vision of a just and peaceful world is to enhance life rather than destroy it
LET'S START BY SCRAPPING TRIDENT!

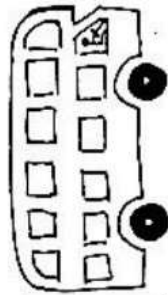

Tridentploughshares.org & Nukewatch.org.uk

BRITAIN'S CURRENT NUCLEAR WEAPONS SYSTEM.

A TRIDENT SUBMARINE.

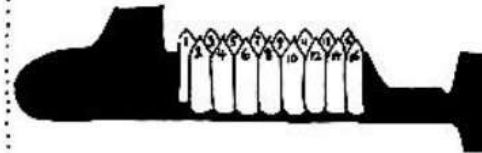

BRITAIN HAS 4 OF THEM.

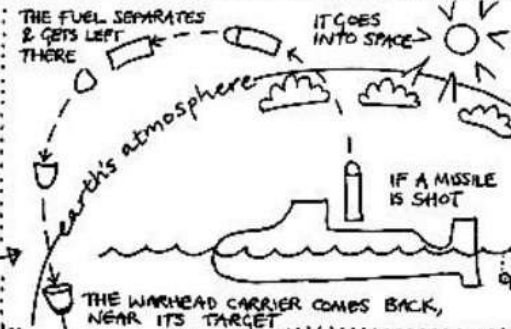

ONE MISSILE IS ABOUT THE LENGTH OF A DOUBLE DECKER BUS

ONE SUBMARINE CAN CARRY UP TO 16 TRIDENT MISSILES

ONE MISSILE HAS 8 WARHEADS

THIS BIT IS FILLED WITH FUEL

.... CAUSING 8 SEPARATE NUCLEAR EXPLOSIONS,

LOTS OF FRIED PEOPLE, BROKEN PEOPLE, BURNED INSIDE PEOPLE,

PEOPLE THAT HAVE BABIES BORN WITH MUTATIONS, AND OF COURSE TRASHED BUILDINGS.

AND RADIOACTIVE LAND FOR THOUSANDS OF YEARS.

THIS IS WHAT YOU AND I, THE TAXPAYER, SPEND £2,000 ON EVERY MINUTE.
